Scheduled Imports - Start here

Last Modified on 07/28/2026 4:30 pm CDT

The Scheduled Imports tool allows districts to automate the process of importing eligibility data from a file into Campus.

Getting started
• Scheduled Imports Checklist

How-to guides
• Create a scheduled import • Test a scheduled import • Submit import to Batch Queue • View the Scheduled Imports Log

Reference
• Data Import Detail Field Descriptions • Certified Types • FRAM: Eligibility Standards and Guidelines
