Score Group & Rubric Setup - Start here

Last Modified on 07/28/2026 3:28 pm CDT

Score Groups and Rubrics are two different ways to determine the scores that make up the basis of grading. While very similar, Score Groups hold objective marks for traditional grading (98% = A, 60% or less = F for example) while Rubrics hold subjective marks for standards grading (Pass, Fail, etc.).
