Enrollments - Start here

Last Modified on 07/28/2026 3:32 pm CDT

The Enrollments tool displays all occurrences of a student's enrollment in the district, listing all grade levels, all schools, etc. This tab lists the same information as the Enrollments tool in Student Information, but can be used when first enrolling a student in the district (as that person would not be considered a student by the Campus definition until an enrollment record exists).

Getting started

- Features of Enrollments
- Set System Preferences for Enrollments

How-to guides

- Add Enrollment information for a student
- End a student's Enrollment
- Set up Summer Enrollments
- Set up No Show Enrollments
- Set Future Enrollments for students
- Add new Enrollment History
- Print the Enrollment History
- View/Upload Enrollment Documents
