The [Medicaid](#) tools available in Campus allow users to track insurance information, services provided, and keep a log of services performed.

See the articles in the [Medicaid](#) category to learn more about how these tools are used.

Batch Service Log Entry Wizard

The [Batch Service Log Entry Wizard](#) provides a batch format allowing district level users to record multiple services for the same student at the same time.

The screenshot shows the 'Medicaid Batch Log Entry' form. It includes a 'Date' field set to 09/11/2011 and a 'Student' dropdown. Below these are buttons for 'Save', 'Delete', and 'Copy'. The form is divided into two main sections: 'Medicaid Service Log Detail' on the left and 'Service Log Entries' on the right. The 'Medicaid Service Log Detail' section contains fields for 'Medicaid Service Provided' (555 Transportation - Functional Daily Living Skills), 'Diagnosis' (314.01 ADHD/Attention deficit disorder with hyperactivity), 'Group' (Transportation Services), 'Direct Minutes' (50.0), 'Indirect Minutes' (2.0), 'Service Frequency' (5.0 per year), 'Provider' (Bernadette), 'Supervisor' (Robin), 'Service Date' (09/11/2011), 'Start Time' (09:34 AM), 'End Time' (10:34 AM), 'Service Units' (60), 'Group Size' (60), 'Location (School)' (Robbinsdale Armstrong High School), 'Transportation Start Location', 'Transportation End Location', 'Transportation Miles', 'Notes and Progress', 'Bill Narrative', and 'Omit from Billing'. The 'Service Log Entries' section shows a list of entries for Student Ana, 555 Transportation, on 09/11/2011 (09:34 AM-10:34 AM) by Provider Bernadette. At the bottom, it says 'Modified by: Administrator, System - 09/11/2012 09:35:00 -0500'.
