

Ed-Fi Configuration Tool Rights

Last Modified on 05/28/2026 8:35 am CDT

The [Ed-Fi Configuration](#) tool is used to establish a data connection between Campus and the Ed-Fi system and to map resources to Ed-Fi.

See the [Getting Started with Ed-Fi](#) article for information on using Ed-Fi.

The screenshot displays the 'Ed-Fi Configuration' tool interface. At the top, there is a breadcrumb trail: 'Reporting > Ed-Fi > Ed-Fi Configuration'. A 'Related Tools' dropdown menu is visible in the top right corner. The main section is titled 'Ed-Fi Connection Detail (Test)'. It contains several input fields and a dropdown menu, all marked as 'Required' in red text:

- Student Unique ID**: Ed-Fi ID
- Staff Unique ID**: Ed-Fi ID
- Connection Name (Required)**: Text input field containing 'Test'.
- School Year (Required)**: Dropdown menu showing '24-25'.
- OAuth URL (Required)**: Text input field containing 'https://b2964445-dbs001/WebApi'.
- API URL (Required)**: Text input field containing 'https://b2964445-dbs001/WebApi'.
- Post-Amble (Required)**: Text input field containing '/data/v3'.
- Timeout in Seconds (Required)**: Text input field containing '60'.
- Connection Credentials**:
 - Client Key (Required)**: Password input field.
 - Client Secret (Required)**: Password input field.

At the bottom right of the form area, there is a 'Test Connection' button. At the bottom of the entire tool window, there are four buttons: 'Save' (blue), 'Cancel', 'Delete' (red), and 'Import Certificate'.

Ed-Fi Configuration Tool

Available Tool Rights

Subrights are in *italics*.

R	W	A	D
<ul style="list-style-type: none"> • Access and view the Ed-Fi Configuration tool. • Select the Reports button to view a list of available reports. 	N/A	N/A	N/A
<i>Connection Detail</i>			
<ul style="list-style-type: none"> • Click the Connection button to view the connection details. • Test the connection. 	<ul style="list-style-type: none"> • Switch the connection from On to Off, or Off to On. 	N/A	N/A
<i>Resource Preferences</i>			
<ul style="list-style-type: none"> • View the Resource Preferences for the selected connection. • Select the Reports button to view a list and generate the available report. • View any uploaded certificates. 	<ul style="list-style-type: none"> • Edit or configure new resource preferences. • Set Import Mappings for resources. 	N/A	N/A

Suggested User Groups

Typically, users of this tool have already been assigned one or more Product Security Roles that grant administrative-level access; therefore, a user group assignment is not necessary.

If your district's needs differ, you may choose to create a group to meet them.

See [User Groups and Suggested Roles](#) for more information.
