Last Modified on 05/28/2026 3:09 pm CDT

The following are suggested tool rights for Medicaid Administrators. Depending on their actual job duties, your staff may need more or fewer tool rights. Start with this list and modify rights to meet your school's or district's needs. Consider creating a separate [Medicaid User Group](#) with rights to enter, manage, and report Medicaid information and make Administrators who need to manage or monitor that information members of both groups.
