

Medicaid Administration Tool Rights

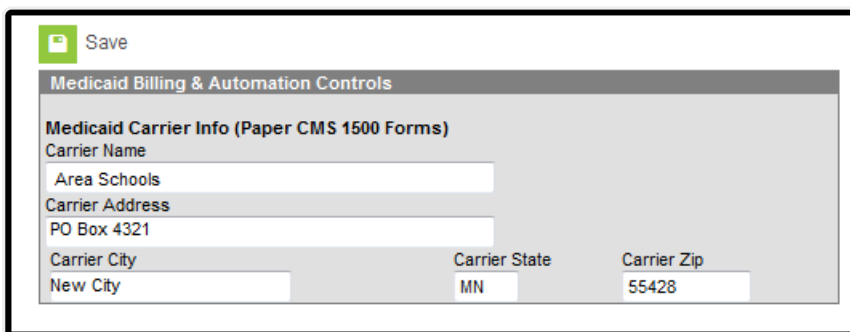

Last Modified on 05/28/2026 3:27 pm CDT

The [Medicaid Administration](#) tools available in Campus allow users to choose electronic billing settings as well as set up information for services, service providers, and insurance to be used when recording Medicaid data for students.

See the articles in the [Medicaid Administration](#) category to learn more about how these tools are used.

Medicaid Settings

The [Medicaid Settings](#) tool is used for electronic billing functionality.

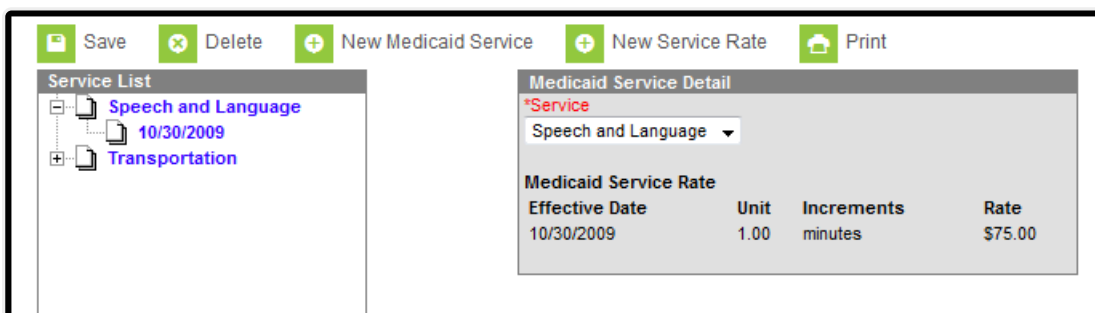

The screenshot shows the 'Medicaid Billing & Automation Controls' form. It includes a 'Save' button at the top left. The form is titled 'Medicaid Carrier Info (Paper CMS 1500 Forms)'. It contains several input fields: 'Carrier Name' (with 'Area Schools' entered), 'Carrier Address' (with 'PO Box 4321' entered), 'Carrier City' (with 'New City' entered), 'Carrier State' (with 'MN' entered), and 'Carrier Zip' (with '55428' entered).

Medicaid Settings

Medicaid Services Setup

The [Medicaid Services Setup](#) tool is used to enter information about each service that can be assigned to a student and used in the Medicaid billing process.

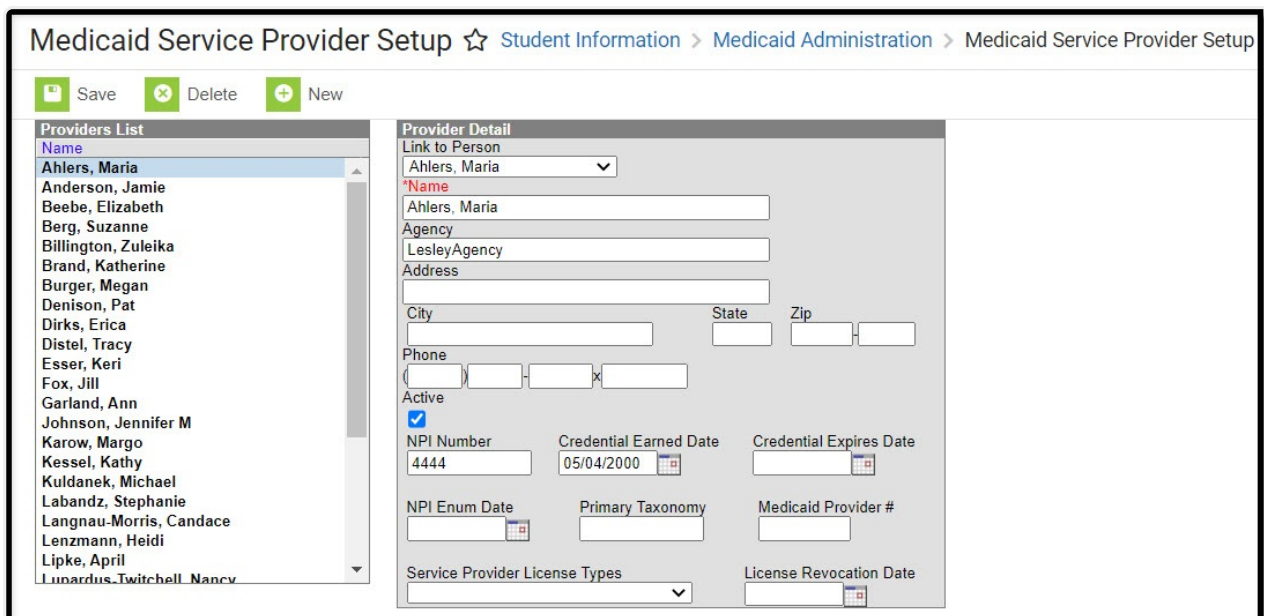

The screenshot shows the 'Medicaid Services Editor' interface. It has a top bar with buttons: 'Save', 'Delete', 'New Medicaid Service', 'New Service Rate', and 'Print'. On the left is a 'Service List' with a tree view showing 'Speech and Language' (with a sub-item '10/30/2009') and 'Transportation'. On the right is the 'Medicaid Service Detail' panel. It has a '*Service' dropdown menu set to 'Speech and Language'. Below this is a table titled 'Medicaid Service Rate' with the following data:

Effective Date	Unit	Increments	Rate
10/30/2009	1.00	minutes	\$75.00

Medicaid Services Editor

Medicaid Service Provider Setup

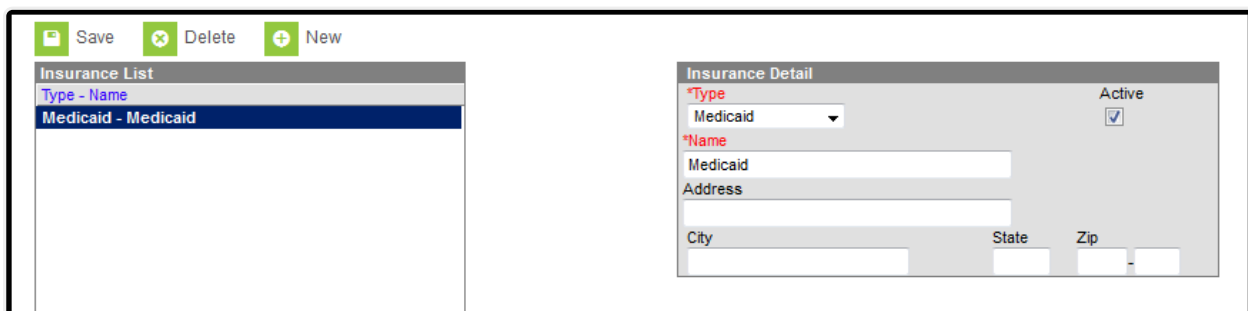

The [Medicaid Service Provider Setup](#) tool is used to enter and manage information for individuals, usually district employees, who provide Medical services for students.

Medicaid Service Provider Setup

Medicaid Insurance Setup

The Medicaid Insurance Setup tool is used to enter Private and Medicaid insurance carriers that the district wishes to track.

Medicaid Insurance Setup

Available Medicaid Administration Tool Rights

When using User Management > User Groups > Tool Rights to create Medicaid-related user groups, Medicaid tool rights are found under Student Information > Medicaid Administration in the Group Tool Rights Editor.
