Data Extract Utility SFTP Key Exchange Manager - Start here

Last Modified on 07/28/2026 4:42 pm CDT

The Data Extract Utility SFTP Key Exchange Manager enables SFTP configurations within the Data Extract Utility to use a key pair between Infinite Campus and third-party server(s) to enhance data transfer security.

How-to guides
• Create and Connect an Infinite Campus-Generated SFTP Key • Import a Third-Party SFTP Key • Manage SFTP Keys
