School Standard Setup - Start here

Last Modified on 07/28/2026 4:38 pm CDT

The School Standard Setup tool determines which Credit Groups and Standards Banks are used for grading at the school selected in the Campus toolbar.

How-to guides
• Select School Standards

Reference
Administrator Setup • School Standard Setup Tool Rights

Explanation
• Credit Groups are used as categories of credit on student transcripts. • Standards are used in conjunction with standard-based grading by teachers.
