Report Editor

Field	Description
-------	-------------

Field	Description
Extract Type	Determines which Enrollment Census extract generates. See the articles below for details on report logic and layout information: • Enrollment Census Core • Program Status • Home Address • Discipline • Attendance • Class Roster • Summer Withdrawal • Dual Language
Effective Date	Indicates the date used to return actively enrollment students in the report.
Format	Indicates how the report generates - CSV or HTML.
Report Legal Identities	When marked, the student's legal name and gender reports from the Protected Identity Information area on the Identity record.
Select Calendar	At least one calendar needs to be selected in order to generate the report.
Generate Extract	Displays the report in the selected format.

Generate the Enrollment Census Extracts

1. Select the desired extract from the **Extract Type** dropdown list.
2. Enter an **Effective Date** in *mmdyyy* format or by clicking the calendar icon and selecting a date.
3. Select the **Format** in which the report should generate. Options are CSV and HTML.
4. If the student's legal name and gender information should report from the Protected Identity Information area, mark the **Report Legal Identities** checkbox.
5. Click **Generate Extract** to generate the report.
