

Application Manager Tool Rights

Last Modified on 06/25/2026 2:03 pm CDT

The **Application Manager** tool is used to create and manage the types of services (food options and menus) available at each food service site (school).

See the [Application Manager](#) article to learn how to use this tool.

These tools are only available to customers who have purchased **Campus Point of Sale** as add-on functionality. To learn more about how these tools are used, see the articles in the [Food Service Administration](#) category.
