

Quick Serve Tool Rights

Last Modified on 06/29/2026 1:10 pm CDT

The **Quick Serve** tool allows staff to enter Food Service transactions en masse, for example to record collective meal distributions for field trips or for small schools that don't need physical POS terminals.

See the [Quick Serve](#) article to learn how to use this tool.

These tools are only available to customers who have purchased **Campus Point of Sale** as add-on functionality. To learn more about how these tools are used, see the articles in the [Food Service Administration](#) category.
