Behavior (Delaware)

Last Modified on 09/29/2026 8:51 am CDT

Tool Search: Behavior

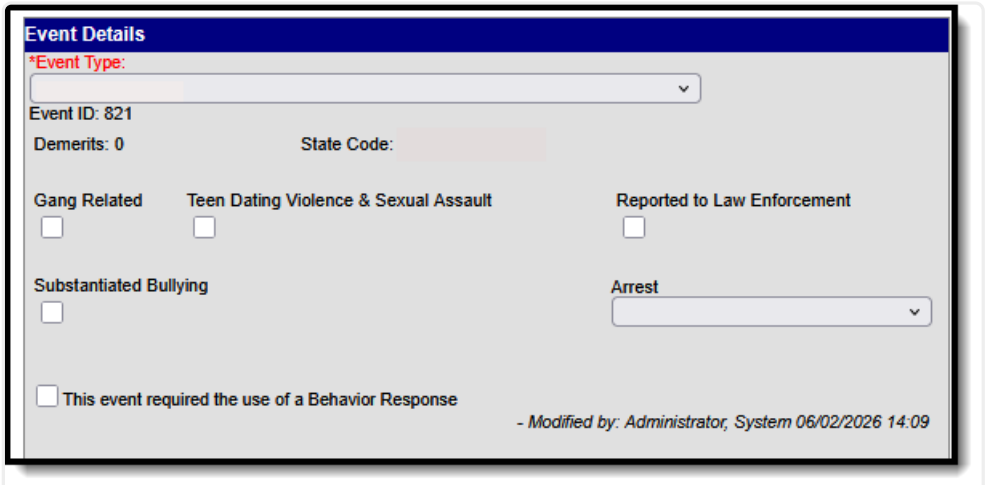

The Behavior Management tool allows users with the appropriate tool rights to manage existing behavior incidents and enter new ones. The information provided below is specific to **Delaware**. For additional information, refer to the Behavior Management Tool article.

Behavior Incident Management Editor

Behavior Management event fields

Please see the Behavior Management article for more information about the Event Details fields.

Event Details section used to record and classify behavior incident information.

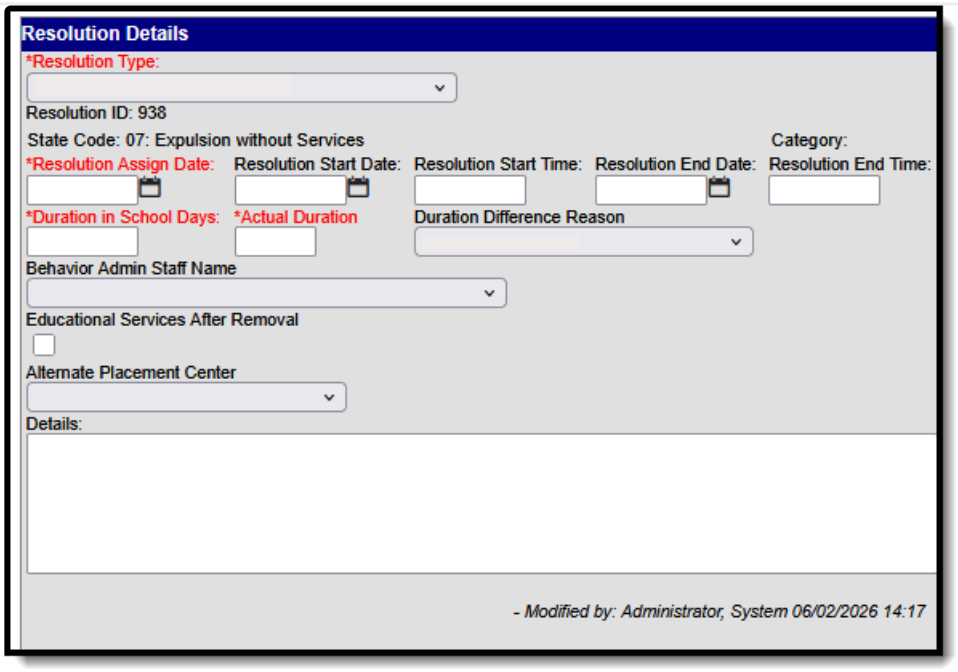

Behavior data reports in the Discipline Actions and Discipline Incidents Ed-Fi resources.

Field	Description	Ad hoc Inquiries Database Location
Event Type	The identifying code and name of the behavior event. Event Types are created in the Event Type Setup tool and can be mapped to State Event Codes. Options depend on the Alignment selected for the Incident; only Event Types with the same alignment will be available.	Student > Behavior > Behavior Event > incidentType BehaviorEvent.incidentType
Gang Related	Incident is associated with actual or suspected gang activity or affiliation.	Student > Behavior > Behavior Event > gangRelated BehaviorEvent.gangRelated
Teen Dating Violence & Sexual Assault	Incident involves violence, threats, harassment, or assault within a student dating relationship.	Student > Behavior > Behavior Event > violenceIndicator BehaviorEvent.violenceIndicator
Reported to Law Enforcement	Incident was reported or referred to a law enforcement agency.	Student > Behavior > Behavior Event > policeReport BehaviorEvent.policeReport
Substantiated Bullying	Investigation confirmed the behavior met the definition of bullying or cyberbullying.	Student > Behavior > Behavior Event > bullyingEvent BehaviorEvent.bullyingEvent
Arrest	Selection indicates the arrest status: • 0: No Arrests Made • 1: Arrests occurred ON School Property • 2: Arrests occurred OFF School Property	

This event required the use of a Behavior Response	When marked, this indicates the event requires a behavior response to be entered. When this is marked but no response has been entered yet, a warning message appears in the Events and Participants section of the Incident Detail: "Behavior response missing." See the Add Behavior Responses section for additional information.  *Behavior Response Missing Warning*	Student > Behavior > Behavior Event > responseRequired BehaviorEvent.responseRequired

Behavior Management resolution fields

The Behavior Management Resolution fields specific to Delaware are described below. For all other inquiries, please see how to Add a Behavior Resolution.

Resolution Details section used to record disciplinary resolution information.

Behavior data reports in the Discipline Actions and Discipline Incidents Ed-Fi resources.

Field	Description	Ad hoc Inquiries Database Location
Duration in School Days	Length of time in school days for the discipline action (e.g., removal, detention), if applicable.	Student > Behavior > Behavior Resolution > SchoolDaysDuration BehaviorRes.SchoolDaysDuration
Actual Duration	Length in school days of a student's disciplinary assignment.	Student > Behavior > Behavior Resolution > duration BehaviorRes.duration
Duration Difference Reason	Reason for the difference, if any, between the official and actual lengths of a student's disciplinary assignment.	Student > Behavior > Behavior Resolution > alternatePlacementSchool BehaviorRes.alternatePlacementSchool
Alternate Placement Center	Indicates the alternative placement center.	Student > Behavior > Behavior Resolution > alternatePlacementSchool BehaviorRes.alternatePlacementSchool
