

Cross-Site Course Master Batch Enable - Start here

Last Modified on 07/31/2026 1:42 pm CDT

The [Course Master Batch Enable](#) tool enables Cross-Site Enrollment functionality for the selected course masters at one time, without having to mark each course master manually.

Explanation

- Review the [Checklist for Cross-Site Enrollment Setup](#).
- [Cross-Site Enrollment Overview](#)
- [Cross-Site Enrollment Workflow - Video Series](#)

How-to guides

1. [Filter the list](#) of available course masters.
2. [Enable Cross-Site Enrollment](#) for the selected course masters.
