

Message Builder Scheduler - Start here

Last Modified on 07/28/2026 3:28 pm CDT

The [Message Builder Scheduler](#) allows users to select a day and time for their Infinite Campus system to send routine messages.

Getting started

- Message templates must be created in the [Message Builder](#) before this tool can be used.

How-to guides

- [Schedule a message](#)
- [Disable a Message Builder schedule](#)
