

OLR Notification Editor Tool Rights

Last Modified on 07/17/2026 11:34 am CDT

The OLR Notification Editor tool creates notifications based on any field that is used as a toggle in the [OLR Builder](#).

See the [OLR Notification Editor](#) article for information on using that tool.

The OLR Notification Editor is used to create notifications for toggle fields on the OLR Builder

Available Tool Rights

R	W	A	D
• Access and view the OLR Notification Editor. • Select a Configuration year. • Select an item from the Notification Editor table and view details.	• Modify existing entries available in the Notification Editor table and save. • Change the status of a value (Not Enabled, Enabled) by marking the Active checkbox on an entry.	• Enter a new Notification Editor value and save.	• Delete a Notification Editor value.
