

# OLR Queue Setup Tool Rights

Last Modified on 07/17/2026 1:55 pm CDT

The OLR Queue Setup tool places submitted applications into selected queues. This is helpful if districts would like to triage applications upon submittal for staff processing.

See the [OLR Queue Setup](#) article for information on using that tool.

OLR Queue Set Up

| Name ↑  | Description |
|---------|-------------|
| Drew    | Drew        |
| Jameson | Jameson     |
| Mike    | Mike        |

*Queues can help with the processing of applications*

## Available Tool Rights

| R                                                                                                                                                                                                            | W                                                                         | A                                                                 | D                                                                |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------|-------------------------------------------------------------------|------------------------------------------------------------------|
