

Dependent Care Site Attendance Tool Rights

Last Modified on 08/03/2026 1:51 pm CDT

Site Attendance allows users to take student attendance for each session site. Users can verify daily attendance, emergency contacts, persons authorized to pick up, and any forms attached to the session. Users may also check students in and out of the session.

See the [Dependent Care Site Attendance](#) article and related content to learn how to use this tool.
