Academic Planning

Academic Programs tool rights (SIS-194757)

There was an issue with users needing additional tool rights to Edit Graduation Program functionality in order to add a new Academic program. This has been corrected. Users no longer

need additional tool rights.

Path: N/A

Batch Program Assignment Wizard performance issues (SIS-198122)

Some larger batch queue Batch Program Assignment Wizard tasks were taking a long time to complete. Batch queue performance has been improved to address this issue.

Path: [Student Information](#) > [Program Administration](#) > [Batch Program Assignment Wizard](#)

Activity Registration

Stores, Activities, & Dependent Care .2635 Maintenance (SIS-199643)

Fixes have been made to address several issues in the School Store, Activities, and Dependent Care. This includes resolving problems with dependent care payments, activity registration, and invoice handling.

Path: N/A

Remove students from Activity Roster (SIS-201528)

Resolved an issue that prevented users from successfully removing students from an activity roster.

Path: [Student Information](#) > [Activity Registration](#) > [Activity Monitor](#)

Assessment

Error When Copying Tests (SIS-200877)

Resolved an issue that caused an error when copying tests containing data saved in Step 3 - Map Data in the Assessment Center. Test copy functionality now correctly preserves mapping configurations, including:

- Horizontal / Vertical mappings with and without child mappings
- Vertical mappings with different test and student identifiers
- Horizontal mappings with different student identifiers
- Columns mapped to multiple values

Users can now copy tests with existing mappings without encountering errors.

Path: [Student Information](#) > [Assessment Administration](#) > [Assessment Center](#)

Business Office Integrations

Business Office Synchronization - Check Campus Data (SIS-199129)

Recovered functionality for the Check Campus Data button in Business Office Synchronization.

Path: [System Settings > Business Office Integration > Business Office Synchronization](#)

Campus Instruction

Grade Book - Course Comments (SIS-183226)

Previously, if a teacher entered a score and a Course Comment in the Grade Book, the score would not save. This has been corrected.

Path: [Instruction > Grades > Grade Book](#)

Guest Access to Grade Book - Categories (SIS-199638)

Previously, if a teacher had an Access to Section Start Date in the future, no users were able to use the Categories tool when accessing the Grade Book as a guest. This has been corrected so that other users with access to the Guest Grade Book are not restricted by a teacher's Staff History dates.

Path: [Scheduling & Courses > Courses > Grade Book](#)

Census

Mailing Labels Report not generating (SIS-199205)

An issue where the Mailing Labels Report was not generating in the DOCX format has been resolved.

Path: [Census > Reports > Mailing Labels](#)

Census - Staff Account Automation Tool (SIS-200669)

An issue in which tool rights were added to Calendar User Groups, resulting in errors in the Staff Account Automation tool, has been resolved.

Path: [User Management > Settings > Account Security Preference > Staff Account Automation](#)

Memory Leaks in DIS Resolved (SIS-200976)

Changes were made to DIS to address potential memory leaks.

Path: [DIS](#)

Course or Section Setup

State-Defined fields not copied with Copy Course Master or Copy Course (SIS-194741)

When using the Copy Course Master or Copy Course tools, state-defined fields were not correctly copied to the new course master or new course record. This has been corrected.

Path: [Grading & Standards > Course Master Information > Copy Course Master; Scheduling & Courses > Courses > Copy Course](#)

Homeroom checkbox push down to sections (SIS-199491)

At the course level, marking the Homeroom checkbox automatically marks the Homeroom checkbox on the section. It does not require the Push to Sections option to be performed.

- The value of the Homeroom checkbox on the course is sent to any new section of the course.
- The value of the Homeroom checkbox on the course is synced to any existing section of the course when the value changes on the course.

The entered value on the section overrides the value entered on the course.

Path: [Scheduling & Courses > Courses > Course Information](#)

Dependent Care

Dependent Care update (SIS-200376)

Ad Hoc filtering is now available for Dependent Care forms.

Path: [Dependent Care](#)

Dependent Care Add/Edit Authorized Pick Up Persons Correction (SIS-200948)

An issue preventing users from saving edited Authorized Pick Up Persons has been corrected.

Path: [Dependent Care](#)

Ed-Fi

EdFi - Optimization of Ed-Fi Queue Queries (SIS-198851)

Code related to the recompiling of EdFi queue queries has been optimized to improve SQL resource usage.

Path: [N/A](#)

Database Schema Updates (SIS-200114)

The database schema has been updated to have descriptions for all fields in the following areas:

- NEProgramsFact
- Title1IN
- TXAdvancedMeasure
- WICATE (WI's old CTE tool)

Path: N/A

State Reports Configured for Dom4J (SIS-200766)

Reports for the following states were updated to ensure compatibility with Dom4J changes:

- Colorado
- Illinois
- Maryland
- New Jersey
- New York
- Ohio
- Pennsylvania
- Virginia

Changes include replacing spaces with underscores in column names and updating header/field names to ensure proper functionality.

Path: [Reporting](#) > [State Reporting](#)

Fees

Fee Audit Report Summary (SIS-198178)

Resolved an issue where the Fee Audit Report Summary would not show details beyond the first page.

Path: [Fees](#) > [Reports](#) > [Fee Audit Report](#)

Food Service

Audit Report Update (SIS-198054) [Enhancement]

The user interface for the Audit Report has been updated to improve usability.

Path: [Food Service](#) > [Reports](#) > [Audit Report](#)

Deposit Report interface update (SIS-198058) [Enhancement]

The user interface for the Deposit Report has been updated to improve usability.

Path: [Food Service > Reports > Deposit Report](#)

Transaction Detail Report (SIS-198766)

Resolved an issue where the Transaction Detail Report was showing No Data Found in the terminals list.

Path: [Food Service > Reports > Transaction Detail Report](#)

Void return duplicate items (SIS-199141)

Resolved an issue where when a patron, without an enrollment, was served two identical items and then the transaction was voided, the Void Return only counted one item.

Path: [Food Service > Information > Account Journal](#)

PIN Report blank pages (SIS-200665)

Resolved an issue where the Food Service PIN Report added two blank pages when sorting by Grade, School, or Homeroom Teacher.

Path: [Food Service > Reports > PIN Report](#)

Account Management Wizard testing fix (SIS-200852)

Resolved an issue where the Account Management Wizard could generate an error when using an Ad Hoc filter together with the Include Patron Detail option during testing.

Path: [Food Service > Wizards > Account Management Wizard](#)

POS Version Update 4.0.6 (SIS-201377)

The following updates have been made to the Point of Sale tool:

- Updated the Campus Point of Sale desktop icon.

Path: [Point of Sale](#)

Forms/Documents

State Edition Deleted Forms Syncing Fix (SIS-193456)

An issue where deleted forms were not syncing to the State Edition was fixed.

Path: [Student Information](#) > [General](#) > [Forms](#)

Custom Forms overflow text print fix (SIS-195306)

An issue in which overflow text was being cut off when printing Custom Forms on the Forms tool was fixed.

Path: [Student Information](#) > [General](#) > [Forms](#)

State Edition Forms Tool Rights Added (SIS-198254)

The following Custom Form sub-rights were added for State Edition users for the Behavior, Counseling, Health, Response to Intervention, PLP, and ILPA (Kentucky users only) modules:

- Custom Forms
- Unlock
- Copy
- Blank Forms

Path: [User Management](#) > [User Account Administration](#) > [User Account](#) > [Individual Tool Rights](#)
[Student Information](#) > [General](#) > [Forms](#)

FRAM

Eligibility Import Wizard fixed-width files (SIS-197260)

Resolved an issue where imports created using fixed-width files could not be edited after being saved.

Path: [FRAM](#) > [Tools](#) > [Eligibility Import Wizard](#)

Graduation

Graduation DIS Batch Sync Updates State Grad Record (SIS-197964)

The graduation DIS batch sync process was inconsistently updating state graduation records. This issue has been addressed to ensure more reliable and consistent updates to the state graduation records.

Path: [Student Information](#) > [General](#) > [Graduation](#)

Learner Planning

Special Ed Service Log Special Character Fix (SIS-198312)

An issue where users were unable to enter the special characters #%&? into the Special Ed Service Log Comments field was fixed.

Path: [Student Information](#) > [Special Ed](#) > [Special Ed Service Log](#)

Special Ed Reports fix (SIS-200729)

An issue in which the Special Ed Service reports were not populating correctly when the "Non-Residents Student Only" checkbox was marked was fixed.

Path: [Student Information](#) > [Reports](#) > [Service Detail Report/Service Summary Report/Service Provider Detail Report/Service Provider Summary Report](#)

Special Ed Documents images in WYSIWYG text fields added (SIS-200763) [Enhancement]

All special ed users can now add images to WYSIWYG text fields in Special Education documents. These images also display on the printed documents. See the Enable image upload in text fields for Special Ed Documents article for additional information.

Path: [System Settings](#) > [Digital Repository](#) > [Digital Repository Preferences](#)
[Student Information](#) > [Special Ed](#) > [Special Ed Documents](#)

Special Ed Team Members fix (SIS-200950)

An issue in which the Educational Surrogate Parent checkbox on the Special Ed Team Members tool was not staying checked after saving has been fixed.

Path: [Student Information](#) > [Special Ed](#) > [Special Ed Team Members](#)

An issue where the Special Ed Document eSignature notification on Campus Parent and Campus Student did not load the document after clicking the link was fixed.

Path: [Campus Parent or Campus Student](#) > [Bell icon](#) > [Messages](#)

Locator

Student Locator Search Improvement (SIS-196470)

The Student Locator Wizard search functionality has been updated to enhance matching for students with multiple names. This includes adding a LIKE prefix fallback to refine search results without impacting performance.

Path: [Student Information](#) > [General](#) > [Student Locator Wizard](#)

Messenger

Emails with Campus Fields send via Mailgun Batch Dispatch (SIS-200056) **[Enhancement]**

Emails containing Campus Fields can now be processed using Mailgun Batch Dispatch. Mailgun performs field substitutions during delivery, reducing processing time and improving performance.

Path: [Communication](#) > [Messenger](#) > [Messenger 2.0](#)

Remove green loading dots for In Progress messages (SIS-200774) **[Enhancement]**

When users send a message using the Send Now option in Messenger 2.0, message information now appears immediately in the In Progress tab. The temporary green loading indicators have been removed, providing faster feedback and greater confidence that messages are processing successfully.

Path: [Communication](#) > [Messenger](#) > [Messenger 2.0](#)

Sent Message Log 2.0 (SIS-201314) **[Enhancement]**

Sent Message Log 2.0 will now be available to all districts with Messenger.

Path: [Communication](#) > [Messenger](#) > [Sent Message Log 2.0](#)

Online Payments

Support M2 Reader USB Connection for CPP (SIS-189319) **[Enhancement]**

In-office payment processing using Card Present Processing will be enhanced to support connecting the M2 reader directly to a laptop or computer, rather than requiring a mobile app. This will provide a more convenient payment solution for staff.

At this time, computers can be setup in Device Management, but full functionality to process Payments using that device won't be available until a later release.

Path: [System Settings](#) > [Payments](#) > [Device Management](#)

[North Carolina – PMR Updates \(SIS-196720\)](#)

The Principal's Monthly Report (PMR) has been modified based on feedback and issues identified through SIS support cases. Key changes include:

- New report queries have been created that are broken down by core logic areas such as Calendar, Reporting Population, ADA, ADM, and 10-Day Violations.
- New extracts have been added to allow for better data troubleshooting.
- Validations are scoped validations to only consider the selected School Month Date range when run through the PMR Extract Editor.
- Summer Calendars are now excluded from the PMR process.
- The Review period has been eliminated. Snapshots can now be submitted on the first day after the end of the PMR month.
- The Submission period has been eliminated. Snapshots can be submitted indefinitely after the end of the PMR month.
