Athletics - Start here

Last Modified on 09/29/2026 12:00 pm CDT

The Athletics tool provides for tracking athlete eligibility. The information on this report can be used by the district or school to create an ad hoc report to review data on students involved in sports or other activities.

How-to guides
• Add Information to Student Athletics

Reference
• Student Athletics Information in Ad hoc Query Wizard • Athletics Data Entry field descriptions • Documents button • Athletics Tool Rights
