Custom Forms updates

Release Notification

Custom Forms initiated from Portal

Product Path: Student Information > Custom Forms and Custom Modules > Custom Form Setup

Custom Forms can be configured to allow guardians and students to initiate the form process in the Portal. This includes new settings in the Custom Forms Setup tool. Form statuses were also updated to clarify those requiring intervention.

- New Custom Forms Initiated by guardians and/or student workflow
- Custom Form Setup updates
- Custom Form: Upload video
- Forms tool updates

Student Form Center tool added

Product Path: Student Information > Custom Forms and Custom Modules > Student Form Center

A new Student Form Center tool was added as a centralized dashboard for forms. This tool allows form administrators to easily find forms that require intervention, including those initiated from the Portal.

- New Student Form Center
- Student Form Center Tool Rights

Also, with this update, all custom form tools were moved to a new folder location in the UI: *Student Information > Custom Forms and Custom Modules*. This includes the Custom Form Batch Setup, Custom Form Setup, Custom Module Setup, and Student Form Center tools.

- New location category Custom Forms and Custom Modules
- New location for tool rights
